

# 2010 Burgundy barrel sample tasting

12-8pm Thursday 26 January 2012  
£25 per person inc VAT

The best of 2010 Burgundy in front of you that you are about to taste represents the high quality but tiny crop harvested. Our growers have been very generous to part with these over the last couple of days and we are very grateful – thank you one and all.

The small size of the crop was absolutely crucial to the success of 2010. Had it been anywhere near the volume of 2009 most of it would not have ripened and you certainly wouldn't be enjoying the sort of balance inherent in these wines.

That doesn't mean this will be an enjoyable event – many of these are still unfinished wines that will see more oxygen or sulphur, some filtration and bottling. Please bear that in mind as you taste and please do ask one of us if there is something about a wine you don't understand.

But essentially these wines have all the qualities of fine, cool climate Pinot and Chardonnay, including noticeable acidity for freshness, restrained fruit, and in oaked wines the influence of wood at this stage, but the best show real energy too.
